Your Odyssey begins here.

UNIVERSITY OF DALLAS
The time spent in college is a journey, an adventure, an odyssey in every sense. The University of Dallas encourages students to embrace this journey and at the same time equips them with the skills and knowledge necessary for a successful future. Students immerse themselves in a life-changing education rooted in the Western tradition, beginning with Homer and Aristotle and continuing right up to the contemporary world. Our comprehensive liberal arts Core, our Catholic identity, our beloved Rome Program, our dedicated faculty and our close-knit community all work to prepare our students to continue the exploration on their own after graduation.

Education is a lifelong journey. We invite you to take your first steps at the University of Dallas.

The Core

Education is more than just a means to an end, so our curriculum is designed to provide students with knowledge and skills that can be applied to all areas of life – professional, intellectual, spiritual and personal. That’s why all UD students, regardless of major, complete the Core Curriculum, which includes courses in literature, philosophy, history, theology, mathematics, science, economics, politics, language and fine arts.

The Core’s Primary Texts

A main feature of the Core is its focus on primary texts. In reading the greatest thinkers of Western civilization, from Aristotle and Aeschylus to Aquinas and Austen, students maintain a dialogue with the past that helps them understand the world in which they live today.

Enthusiastically Catholic

UD seeks truth as education's proper and primary end. Like St. Thomas Aquinas (whom you'll read in the Core), we believe faith and reason are essential and complementary paths to understanding — paths that are clear campuswide, from the coursework to the social events to the many service clubs. To that end, UD will challenge your faith, thereby strengthening it, while simultaneously offering the support and encouragement of a dedicated faith community. This preparation will enable you to enter and engage the world beyond graduation as a person of faith.

A Catholic university pursues its objectives through its formation of an authentic human community animated by the spirit of Christ. The source of its unity springs from a common dedication to the truth, a common vision of the dignity of the human person and, ultimately, the person and message of Christ.”

— St. John Paul II, “Ex Corde Ecclesiae”

THE SACRAMENTS

Receiving the sacraments is vitally important to strengthening our relationship with Christ, which is why UD ensures that all students have frequent access to these gifts. Mass is celebrated twice daily on weekdays and four times on the weekend. Confession is regularly available, as are eucharistic adoration, prayer groups, praise and worship groups, and retreats. Students are encouraged to serve the Church through roles such as lectors, eucharistic ministers and altar servers.

DID you KNOW? 12 UD ALUMNI are currently serving as BISHOPS
As a high school senior, I visited UD and attended Mass at 8 a.m. on a Friday. Much to my surprise, the church was packed. It quickly became clear to me that the devoted Catholic community I found here was unrivaled.”

— Maggie Fazio, Class of 2021 | Beaumont, Texas

Over 80% of our students take advantage of UD’s unique Rome Program, spending a semester studying the foundations of the Western world from our 20-acre Eugene Constantin Campus just outside The Eternal City. Students often say Rome is where the Core all comes together and comes to life. The chance to study watershed moments in history, politics, literature, religion, art and culture one day, then visit the actual sites of these moments the next, is life-changing. What sets our Rome Program apart from nearly every other study abroad program in the world is that all courses are as academically challenging as those taken on the Irving campus, and taught exclusively by UD professors. Plus, students are surrounded by their UD classmates. Each semester includes group travel opportunities throughout Italy and Greece, as well as a personal 10-day travel break.

Dallas / Fort Worth

As the fourth-largest metro area in the country, Dallas/Fort Worth offers some pretty cool things to do. Whether you want to explore America’s largest urban arts district, check out the world-famous stockyards or cheer on one of the five major sports teams in the area, you won’t be bored in DFW.

UD has its own stop on the Dallas Area Rapid Transit (DART). It’s a convenient and inexpensive way to check out the unique and distinct neighborhoods around DFW. There are more than 175 museums and galleries, 50 theaters and thousands of restaurants to enjoy!

All of these numbers mean one thing: There are a lot of opportunities for you in DFW, both for internships and for starting your career.
**COMMITMENT TO AFFORDABILITY**

We understand a private Catholic liberal arts education is a significant investment. The sticker price for such an education as UD provides can seem out of reach for a lot of families, but don’t be scared off by “sticker shock”! UD is committed to affordability, and offers generous financial aid in the form of merit-based scholarships, need-based grants, work-study and loans. In fact, most of our students don’t pay “sticker price” at UD.
