- 2.0 Definition of Prohibited Conduct** – Prohibited conduct refers to conduct that violated the University Civil Rights Policy, whether in the form of prohibited discrimination, harassment, retaliation, or failure to provide a required accommodation.
- 3.0 General Terms Related to Reporting and Parties Participating in Investigation of Complaints of Prohibited Conduct**
- 3.1 “Appropriate Administrator”** means the University official with designated oversight for disciplinary processes based on the Respondent’s status.
- 3.1.1 The Dean of Students is the Appropriate Administrator when the Respondent is a Student.

- 3.1.3 The Provost is the Appropriate Administrator when the Respondent is an Employee subject to the Faculty Handbook.
- 3.2 “Complaint”** means an allegation of prohibited conduct that is reported to the University.
- 3.3 “Complainant”** refers to the individual who is alleged to have been subject to prohibited conduct. Generally the Reporting Party and the Complainant will be the same individual.
- 3.4 “Confidential Reporter”** – Refers to designated University employees who are relieved of the obligation to report individualized information about a reported or witnessed incident of prohibited conduct to the Title IX/Section 504 Coordinator and to whom students may speak confidentially.
- 3.5 “Employee”** is a broad term used to encompass staff, faculty and administrators of the University, unless otherwise stated.

- 3.6 **“Harassment”** means a form of discrimination that includes physical, verbal, or nonverbal conduct based on a person’s membership or perceived membership in a protected category that is sufficiently severe or pervasive, and objectively offensive, such that it unreasonably interferes with, denies, or limits someone’s ability to participate in or benefit from the University’s educational, employment, social, or residential program.
- 3.7 **“Reporting Party”** refers to an individual who reports alleged prohibited conduct.
- 3.8 **“Respondent”** refers to a party who has been accused of prohibited conduct.

- 3.11 **“Title IX/Section 504 Coordinator”** refers to the University official who has been designated to coordinate efforts to comply with and implement the University Civil Rights Policy. The Title IX/Section 504 Coordinator may designate one or more Deputy Title IX Coordinators.
- 3.12 **“University Community”** refers to all members of the University Community including University faculty, staff, administrators, employees and contractors, University students, volunteers and participants in any University program or activity, and guests and visitors to campus or to any University sponsored activity offered off-campus.
- 3.13 **“University Premises”** includes buildings or grounds owned, leased, operated, controlled or supervised by the University, including property in Texas and in Italy.

4.0 Definitions of Prohibited Behavior Relating to Discrimination on the Basis of Sex:

- 4.1 **“Coercion”** means unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear that they do not want sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

- 4.2 **“Consent”** is knowing, voluntary, and clear permission by word or action to engage in mutually agreed upon sexual activity. It is the responsibility of each party to make certain that the other has consented before engaging in the activity.
- 4.2.1 A person who is incapacitated cannot give valid consent.
 - 4.2.2 For consent to be valid, there must be a clear expression in words or actions that the other individual consented to the specific sexual conduct.
 - 4.2.3 Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse).
 - 4.2.4 Consent can be withdrawn once given, as long as the withdrawal is clearly communicated.
 - 4.2.5 A current or previous dating relationship is not sufficient to constitute consent.
 - 4.2.6 The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced.
 - 4.2.7 Silence or the absence of resistance is not consent.
 - 4.2.8 Resistance is a clear demonstration of a lack of consent. The presence of consent is not demonstrated by the absence of resistance. Sexual activity that is forced is by definition non-consensual, but non-consensual sexual activity is not by definition forced.
- 4.3 **“Dating Violence”** refers to violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such relationship shall be determined based on the perception of the alleged victim; however, consideration shall also be given to: (1) the length of the relationship, (2) the type of relationship, and (3) the frequency and nature of interaction between the persons involved in the relationship. Dating Violence includes but is not limited to sexual or physical abuse or the threat of such abuse.
- 4.4 **“Domestic Violence”** refers to the following types of violence:
- 4.4.1 By a current or former spouse or intimate partner of the victim;
 - 4.4.2 By a person with whom the victim shares a child in common;
 - 4.4.3 By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;

- 4.4.4 By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- 4.4.5 By any other person against an adult or youth victim who is protected from the person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- 4.5 **“Fondling”** means the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the other person, including instances where the other person is incapable of giving valid consent.
- 4.6 **“Force”** refers to the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (“implied threats”), and coercion that overcomes resistance or produces consent (“Have sex with me or I’ll hit you.” “Okay, don’t hit me, I’ll do what you want.”).
- 4.7 **“Incapacitated”** means a state of being in which a person cannot provide consent because the person is unable to understand what is happening or is disoriented, helpless, asleep or unconscious for any reason, including due to ingesting alcohol or other drugs (e.g., unable to understand the “who, what, when, where, why, or how” of the sexual interaction).
 - 4.7.1 A person’s incapacity may be inferred based on surrounding factors, including, but not limited to, hallucinations, black outs, seizures, vomiting, slurred speech, disorientation or lack of physical or mental coordination.
 - 4.7.2 Prohibited Conduct is not excused because the Respondent was intoxicated and, therefore, did not realize the incapacity of the Complainant. The standard that shall be applied is whether or not a reasonable person would have known based on the facts and circumstances presented that the other party was Incapacitated and therefore, not capable of consenting.
 - 4.7.3 A person may also be Incapacitated due to mental disability or involuntary physical restraint.
- 4.8 **“Incest”** means non-forcible sexual intercourse between persons who are related to each other within the degrees prohibited by state law.
- 4.9 **“Rape”** means penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the other person, including instances where the other person is incapable of giving consent.

- 4.10 **“Sexual Assault”** means sexual contact that occurs without another’s consent, including in situations where a person is incapable of giving consent. Sexual Assault encompasses Rape, Fondling, Incest and Statutory Rape.
- 4.11 **“Sexual Exploitation”** refers to conduct in which an individual takes non-consensual or abusive sexual advantage of another, and that behavior does not otherwise fall within the definitions of Sexual Harassment or Sexual Assault. Examples of Sexual Exploitation include, but are not limited to:
- 4.11.1 Sexual voyeurism, such as watching a person undressing, using the bathroom, or engaged in sexual acts without the consent of the person observed.
 - 4.11.2 Taking pictures or video or audio recording of another in a sexual act, or in any other private activity without the consent of all involved in the activity, or exceeding the boundaries of such consent (such as allowing another person to hide in a closet and observe sexual activity, or disseminating sexual pictures without the photographed person’s consent).
 - 4.11.3 Prostitution.
 - 4.11.4 Engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV), a sexually transmitted disease (STD) or infection (STI) without informing the other person of the infection.
 - 4.11.5 Administering alcohol or drugs (such as “date rape” drugs) to another person without his or her knowledge or consent (assuming the act, for instance, rape, is not completed).
 - 4.11.6 Exposing one’s genitals in non-consensual circumstances (including in an electronic format).
- 4.12 **“Sexual Harassment”** means a form of sex discrimination that includes unwelcome verbal, written, or physical conduct that:
- 4.12.1 In the employment context, unreasonably interferes with the victim’s work performance or creates an intimidating, hostile or offensive work environment.
 - 4.12.2 In the education context, is sufficiently severe, pervasive or persistent that the conduct interferes with a student’s ability to participate in, or benefit from, educational programs or activities of the University.
 - 4.12.3 Examples of this type of activity may include, but are not limited to:

- Pressuring another to engage in sexual behavior for some educational or employment benefit (*quid pro quo* sexual harassment);
- Persistent unwelcome efforts to develop a romantic or sexual relationship;
- Unwelcome commentary about an individual's body or sexual activity;
- Unwanted sexual attention;
- Repeatedly engaging in sexually-oriented conversations, comments or horseplay, including the use of language or the telling of jokes or anecdotes of a sexual nature in the workplace, office, or classroom, even if such conduct is not objected to by those present; or
- Gratuitous use of sexually-oriented materials, not directly related to the subject matter of a class, course or meeting, even if not objected to by those present.

4.12.4 The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the harassment is physical. A single or isolated instance of sexual harassment may create a hostile environment if the incident is sufficiently severe.

4.13 **“Stalking”** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (1) fear for their safety and/or the safety of others; or (2) suffer substantial emotional distress.

4.13.1 For purposes of this Policy, Stalking is considered a severe or pervasive form of harassment. This Policy will apply to acts of Stalking that:

4.13.1.1 Occur between people who currently have or have had a romantic or sexual relationship; or

4.13.1.2 Occur because of the accused person's desire to have a romantic or sexual relationship with the alleged victim.

4.13.2 For the purposes of defining Stalking under this Policy:

4.13.2.1 A “course of conduct” means two or more acts in which the stalker, by any action, method, device or means, directly or indirectly by a Respondent or through third parties, over a period of time, however short, follows, monitors, observes, surveils, threatens or communicates to or about a person, or interferes with a person's property.

4.13.2.2 “Substantial emotional distress” means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

4.13.2.3 A “reasonable person” means a reasonable person in Complainant’s circumstances

4.13.3 The Policy definition of Stalking also extends to cyberstalking

4.14 “**Statutory Rape**” means non-forcible sexual intercourse with a person who is under the statutory age of consent. The statutory age of consent in Texas is 17.

- 1.0 Purpose** – In accordance with its commitment to civil rights as set forth in the University Civil Rights Policy, the University of Dallas has established protocols to report complaints of violations of the University Civil Rights Policy.
- 2.0 Definitions** – Relevant terms for implementation of this Policy are set forth in University Policy 1.2.1 Civil Rights Policy – Relevant Terms.
- 3.0 Reporting Incidents** – Victims of Discrimination, Harassment and Retaliation, including victims of Sexual Harassment, Sexual Assault, Dating Violence and Stalking, have the right to decide if and when they report the incident(s) in accordance with University Policy 1.2.5, including whether or not to report to law enforcement.
 - 3.1** A victim has the right to choose whether to report a crime to law enforcement, or to decline to report to law enforcement. If a victim decides to report a crime to law enforcement, the University will be available to assist the victim in reporting the crime to law enforcement.
 - 3.2** The University strongly encourages reporting as soon as possible. Prompt reporting may preserve options that delayed reporting does not, including immediate police response and preservation of physical evidence that may be necessary to prove an alleged criminal offense or to obtain a protective order.
 - 3.2.1** The University strongly encourages victims of Sexual Harassment, Sexual Assault, Dating Violence and Stalking to go to a hospital for treatment and preservation of evidence, if applicable, as soon as practicable after the incident.
 - 3.2.2** A person acting in good faith who reports or otherwise participates in the reporting, investigative, or disciplinary process of an alleged violation of the University Civil Rights Policy may not be subjected to any disciplinary action by the University for any violation by the person of the University's code of conduct reasonably related to the incident unless suspension or expulsion from the University is a possible punishment.
 - 3.2.2.1** In addition, the University will not take any disciplinary action against a student enrolled at the University who in

good faith reports to the University being the victim of, or a witness to, an incident of Sexual Harassment, Sexual Assault, Dating Violence or Stalking for a violation of the University's code of conduct occurring at or near the time of the incident, regardless of the location at which the incident occurred or the outcome of the University's disciplinary process regarding the incident, if any.

3.2.2.2 The amnesty provided in Section 3.2.2 and 3.2.2.1 does not apply to a person who perpetrates or assists in the perpetration of the incident in violation of the University Civil Rights Policy.

3.2.2.3 The University may investigate to determine whether a report was made in good faith. A determination by the Title IX/Section 504 Coordinator that a Reporting Party or other person is entitled to the amnesty provided in Section 3.2.2 is final and may not be revoked.

3.3 Once an individual alerts the University of an alleged violation of the University Civil Rights Policy, they will be provided with written information – including this Policy – of their rights, reporting options and support resources. Individuals may also access this information upon request without disclosing any facts related to an incident.

4.0 University Title IX/Section 504 Coordinator – The University Title IX/Section 504 Coordinator is specifically designated to receive and investigate Complaints of discrimination, harassment and retaliation as set forth in University Policy 1.2.2.

4.2 Protocols for the University's response to Complaints are established in University Policy 1.2.6.

4.3 The Title IX/Section 504 Coordinator will immediately report to the President of the University a reported incident if the Title IX/Section 504 Coordinator has cause to believe that the safety of any person is in imminent danger as a result of the incident.

take all reasonable steps to comply with a request for confidentiality so long as doing so will not prevent the University from responding to the Complaint effectively.

- 7.1 The Title IX/Section 504 Coordinator will inform the Reporting Party that a request for Confidentiality may limit the University's ability to respond, including pursuing disciplinary action against the accused. The Title IX/Section 504 Coordinator will also inform the Reporting Party that University Policy includes protections against retaliation.
- 7.2 In determining whether the Reporting Party's request not to investigate will be granted, the Title IX/Section 504 Coordinator will consider:
 - 7.2.1 The seriousness / nature of the allegation.
 - 7.2.2 Whether the alleged behavior or conduct presents a threat to individuals other than the Reporting Party.
 - 7.2.3 Whether effective measures can be put in place to protect the Reporting Party against continued physical or psychological harm or retaliation.
 - 7.2.4 Whether delaying an investigation could reasonably result in the destruction or deterioration of potential evidence to corroborate or refute the allegation;
 - 7.2.5 Whether the University has received other reports allegedly committed by the same individual(s); and
 - 7.2.6 Any other information that has a reasonable bearing on the decision.
- 7.3 If the Title IX/Section 504 Coordinator decides that the request not to investigate will be denied, the Title IX/Section 504 Coordinator will notify the Reporting Party in a prompt manner and generally before initiating investigation or making a disclosure of the report.
- 7.4 Subject to the provisions in Section 7.0 of this Policy, if the Title IX/Section 504 Coordinator approves the Reporting Party's request not to pursue a formal Complaint, the University will still offer the Reporting Party appropriate interim supports and remedies and, if appropriate, will take any steps necessary to protect the health and safety of the University Community but will not otherwise pursue formal action.

8.0 Confidentiality – Information that could reasonably lead to the identification of a Reporting Party or any other person participating in an investigation of a Reported Incident of Sexual Harassment, Sexual Assault, Dating Violence or Stalking is confidential and shall not be disclosed by any University Official except as provided for in law including the Family Education Rights and Privacy Act.

Information will only be shared as necessary with other school officials, witnesses, investigators, law enforcement officials and the Reporting Party.

9.0 Compliance Reporting Hotline - Any incident in violation of the University Civil Rights Policy, including, but not limited to, allegations of Sexual Harassment, Sexual Assault, Dating Violence and Stalking, may be reported through the University's web-based reporting system called the Compliance Reporting Hotline, which allows the option of reporting anonymously.

9.2 Under the direction of the Title IX/Section 504 Coordinator, the University will review and investigate all Reported Incidents received through this site.

9.3 The University will cooperate with anyone reporting through the Compliance Reporting Hotline or through subsequent investigation to provide anonymity to the fullest extent possible under this Policy.

University of Dallas Policy 1.2.6

CIVIL RIGHTS POLICY – PROTOCOL FOR RESPONDING TO COMPLAINTS

- 1.0 Purpose** – This Policy provides the exclusive process for investigating complaints of violations of the University Civil Rights Policy, including, but not limited to, sexual harassment, sexual assault, dating violence and stalking.
- 2.0 Definitions** – Relevant terms for implementation of this Policy are set forth in University Policy 1.2.1 Civil Rights Policy – Relevant Terms.
- 3.0 Jurisdiction**
 - 3.1 The University has jurisdiction over, and will respond to, allegations of violations of the University Civil Rights Policy occurring on the University premises, at University-sponsored activities, and/or where the accused person or alleged victim are either a student, faculty member or staff member.
 - 3.2 These Protocols are separate from any criminal investigation or proceedings and may occur while criminal proceedings are ongoing.
 - 3.3 Proceedings under this Policy will not be delayed or dismissed because criminal prosecution is pending, criminal charges have been dismissed, or criminal charges have been reduced.
 - 3.4 Proceedings under this Policy may continue if a party is no longer employed by or enrolled as a student at the University.
 - 3.5 The University does not limit the timeframe for filing a complaint of violation of the University Civil Rights Policy. Complaints can be submitted at any time following an incident, although the University’s ability to take action may be limited by the passage of time.
- 4.0 Reporting Incidents** – Victims of violations of the University Civil Rights Policy have the right to decide if and when they report the incident(s) to the Title IX/Section 504 Coordinator, a University Employee or Confidential Reporter, Local Law Enforcement, including the University Police or through the University Compliance Hotline in accordance with University Policy 1.2.5.
 - 4.1 The University strongly encourages reporting as soon as possible. Prompt reporting may preserve options that delayed reporting does not, including immediate police response and preservation of physical evidence that may

be necessary to prove an alleged criminal offense or to obtain a protective order.

- 4.2 Once an individual alerts the University of an alleged violation of the University Civil Rights Policy they will be provided with written information – including this Policy – their rights, reporting options and support resources. Individuals may also access this information upon request without disclosing any facts related to an incident.

5.0 Confidentiality

- 5.1 The University will protect the anonymity of all individuals involved in a report or complaint by refusing to disclose identifying information to anyone outside the University to the extent permitted by law.

5.1.1 Unless waived in writing, the identity of the following individuals is confidential and not subject to disclosure in response to a request for public information submitted to the University Police in accordance with Chapter 552 of the Government Code and may only be disclosed to: (1) University officials conducting an investigation; (2) law enforcement as necessary to conduct an investigation and subject to relevant federal law; (3) a health care provider in an emergency; and (4) other individuals or witnesses engaged in the investigation of a Reported Incident to the extent necessary:

- An alleged victim of an incident of Sexual Harassment, Sexual Assault, Dating Violence or Stalking,
- A person who sought guidance from the University, reported or participated in an investigation of an incident of Sexual Harassment, Sexual Assault, Dating Violence or Stalking, and
- A person who is alleged to have committed or assisted in the commission of an incident of Sexual Harassment, Sexual Assault, Dating Violence or Stalking if, after investigation the University determines that a Reported Incident is unsubstantiated or without merit.

- 5.2 Individuals may request that an incident be investigated by the University without providing their name to the Respondent or witnesses. However, this request may reduce the University's ability to thoroughly investigate a reported incident. When the University cannot fully investigate a report or take appropriate disciplinary action because of a request for an investigation with an anonymous Complainant, the University will pursue other steps to limit the effects of the alleged violation, attempt to prevent its recurrence, and respond to the impact on the involved parties and the community.

- 5.3 If an individual discloses an incident to a University Employee but wishes to maintain confidentiality and/or requests that no investigation into a particular incident be conducted or disciplinary action taken, the University will balance a request for confidentiality with its responsibility to provide a safe and non-discriminatory environment for the University community.
- 5.4 Information will be shared within the University only to those school officials with a legitimate interest.
- 5.5 The University will protect the confidentiality of alleged victims and other necessary parties while complying with all obligations to report annual crime statistics. Statistical reporting will be done without including personally identifying information about an alleged victim.
- 5.6 The University will maintain as confidential any accommodations or protective measures provided to the alleged victim, to the extent maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

6.0 Retaliation

- 6.1 The University takes reports of violations of the University Civil Rights Policy very seriously and will not tolerate retaliation against those who make reports or participate in the investigation or adjudication process.
- 6.2 Retaliation includes, but is not limited to, any adverse employment or educational action taken for making a report of violations of the University Civil Rights Policy, or otherwise participating under this Policy.
- 6.3 Any actual or threatened retaliation, or any act of intimidation to prevent or otherwise obstruct the reporting of a violation of the University Civil Rights Policy or the participation in proceedings related to a report of such violations, may be considered a separate violation of the University Civil Rights Policy and may result in disciplinary sanctions.
- 6.4 Any person who believes that they have been subject to retaliation should immediately report this concern to the Title IX/Section 504 Coordinator.

7.0 Immediate Assistance

- 7.1 **Medical Assistance:** Any individual who experiences Sexual Harassment, Sexual Assault, Dating Violence or Stalking is encouraged to seek immediate medical care either at the University Health Center or at an area medical provider. Preserving DNA evidence can be a key to identifying the perpetrator in a sexual violence case.
- 7.2 **Police Assistance:** Because Sexual Harassment, Sexual Assault, Dating Violence or Stalking may also constitute a criminal act, individuals seeking emergency assistance or who want to file a criminal report may contact the

University Police Department or the appropriate local law enforcement agency. In addition to any possible criminal action, the University Police will forward the report to the Title IX/Section 504 Coordinator.

7.3 **Counseling Assistance:** A person who has experienced Sexual Harassment, Sexual Assault, Dating Violence or Stalking is strongly encouraged to seek medical and psychological care even if he or she has no plans to pursue a formal report to the University or to the University Police.

8.0 Interim Measures and Ongoing Assistance: When a violation of the University Civil Rights Policy is reported, the University will consider interim measures to protect involved persons and/or the community while the incident is investigated and during any related disciplinary process.

8.1 An alleged victim is not required to file a formal complaint to receive interim measures. Some interim measures may be implemented without an alleged victim disclosing identifying information related to the incident.

8.2 Interim measures may include, but are not limited to, changes to academic, living, transportation, working situations, or protective measures. The University will make such accommodations or provide such protective measures if requested and if they are reasonably available, regardless of whether the victim chooses to report the alleged violations of this Policy to University Police or local law enforcement. The University will assess whether an interim measure will involve making these changes to the alleged victim or accused person's circumstances on a case-by-case basis.

8.2.1 Interim measures may include allowing a student who is an alleged victim or an alleged perpetrator of an incident of Sexual Harassment, Sexual Assault, Dating Violence or Stalking to drop a course without academic penalty if the other party involved in the reported incident is enrolled in the same course.

8.2.2 Interim measures may be instituted, altered, or revoked by the Appropriate Administrator, in consultation with the Title IX/Section 504 Coordinator.

8.2.2.1 When an interim suspension or administrative leave is imposed, the student, employee, or student organization will be given the option to meet with the Appropriate Administrator prior to such suspension or leave, or as soon thereafter as reasonably possible, to explain why the suspension or leave should not be imposed.

8.2.2.2 An interim suspension or administrative leave may include denial of access to University housing and/or the University campus, facilities, and/or events. The

suspension or leave may include classes and/or all other University activities or privileges for which the student or employee might otherwise be eligible.

- 8.3 If an interim measure is initially refused to a party it may still be available at a later date.
- 8.4 Unless explicitly altered or revoked by the Appropriate Administrator, interim measures remain in place until a decision on the investigation becomes final.
- 8.5 Violations of interim measures may be considered a separate violation under this Policy or may be investigated and adjudicated through other relevant University policies.
- 8.6 The University will honor any order of protection, No Contact Order, restraining order, or similar lawful order issued by any criminal or civil court.

9.0 Initial Response to a Complaint – Upon receiving a report of a violation of the University Civil Rights Policy, the Title IX/Section 504 Coordinator will initiate the investigation process.

- 9.1 The Title IX/Section 504 Coordinator will assign an Investigator to conduct a preliminary evaluation of the Complaint and, if appropriate, conduct an investigation and prepare a formal written report regarding the incident.
 - 9.1.1 The Title IX/Section 504 Coordinator may be the Investigator.
 - 9.1.2 If a Complainant requests that no investigation be conducted, the Title IX/Section 504 Coordinator will evaluate whether the request may be granted, in accordance with University Policy 1.2.5.
- 9.2 The Investigator will evaluate the appropriate University response based on the information available and, whenever possible, with input from the alleged victim.
- 9.3 Initial response to a Complaint and any investigation will be completed within a reasonable period of time.
- 9.4 **Early Dismissal of a Complaint** – If the Investigator concludes that the Complaint, as alleged, does not violate the University Civil Rights Policy, the Investigator will provide written notice to the Complainant of the Investigator’s decision, including the reasons for that decision. The notice must also include information explaining the Complainant’s right to object to the early dismissal decision.

9.4.1 The Complainant may object to the Investigator's early dismissal decision and request review by the Appropriate Administrator. The decision by the Appropriate Administrator is final.

9.5 The investigator will take reasonable measures to do the following:

9.5.1 Contact the alleged victim to notify them of their rights and options under this Policy, including rights related to contacting law enforcement, the right to pursue a formal complaint with the University or to maintain confidentiality, the right to request interim measures, and the right to be free from retaliation.

9.5.2 Inform the relevant individuals involved in a Reported Incident about the availability of University counseling services with consideration given, to the extent practicable, to ensuring that different counselors are assigned to all individuals seeing counseling in regard to a single Reported Incident.

9.5.3 Stress to the alleged victim the importance of seeking treatment at a hospital as soon as possible after an incident and the importance of preserving evidence.

9.5.4 Implement any appropriate interim measures.

10.0 Investigation Procedures – All provisions of this procedure will be managed by the Title IX/Section 504 Coordinator who may delegate certain responsibilities to other persons in order to facilitate timely and reliable investigations. Any proceeding under this Policy will be conducted in a prompt, fair and impartial manner from initial investigation to final result.

10.1 **STEP ONE : Formal Investigation Initiated** – The Investigator opens a formal investigation of the Complaint.

10.1.1 The Investigator opens a formal investigation of the Complaint by providing contemporaneous notice to the Complainant and Respondent. The Investigator's notice should include:

10.1.1.1 A brief description of the factual allegations made against the Respondent.

10.1.1.2 Notice of the applicable code of conduct or policy that is alleged to have been violated.

10.1.1.3 A copy of this Policy.

10.1.1.4 A summary of available interim measures and other resources, if applicable.

10.2 **STEP TWO : Consideration of Interim Measures** – Although interim measures may have already been considered, following the filing of a formal

complaint, the Investigator will consider interim measures to protect involved parties while the incident is investigated.

10.2.1 The Investigator will work with other University administrators including the Dean of Students and Director of Human Resources to identify alternative arrangements that will preserve the rights of both the Complainant and Respondent, as well as provide a safe overall educational or working environment until (and perhaps after) the Complaint is investigated and resolved.

10.2.2 Failure to adhere to parameters of an interim measure may be considered a separate violation of this Policy and may result in disciplinary action.

10.3 **STEP THREE : Response to a Complaint** – A Respondent will be expected to respond to a Notice of Complaint by contacting the Title IX Coordinator within five (5) business days. The Title IX Coordinator may extend the time for response for good cause.

10.3.1 The response, either in writing or in person, should address and respond to the specific allegations made in the Complaint and can include any other rebuttal information.

10.3.2 An investigation will proceed even if the Respondent fails to respond as set forth in this Policy. Failure to acknowledge receipt of the Notice of Complaint may be considered a violation of University policy and could result in disciplinary action.

10.4 **STEP FOUR : Investigation** – Absent extenuating circumstances, the Investigator will conduct a full investigation.

10.4.1 The Investigator may designate another trained University official to assist with the investigation.

10.4.2 The investigator(s) will attempt to interview the Complainant, the Respondent(s), and any witnesses as appropriate.

10.4.3 The investigator(s) will gather any other information considered to be relevant, and will also review any information submitted by the Complainant, the Respondent(s) and/or any witnesses.

10.4.4 If violations of any other University polices, including the Student Code of Conduct, Employee Handbook or Faculty Handbook are identified during the investigation, the Investigator will consult with appropriate University officials to determine on a case-by-case basis whether and how to investigate other potential violations. Consideration will be given to the type of violation and whether the actions occurred during the same incident or as separate incidents.

10.5 STEP FIVE : Investigation Findings – Based on the information developed through the investigation, the Investigator will issue findings of facts as soon as practicable following the initial complaint. The Investigator will provide the Complainant and Respondent(s) with regular updates regarding the progress of the investigation.

10.5.1 The Investigator's report must include at least the following: (1) a description of the alleged prohibited conduct; (2) a summary of the evidence and statements of the various witnesses and parties; (3) the Investigator's evaluation of the credibility and reliability of the witnesses and evidence; and (4) the Investigator's findings and conclusions as to whether the Respondent violated the University Civil Rights Policy.

10.5.1.1 The Investigator's report may include the Investigator's findings and conclusions regarding any alleged violations by the Respondent of any other University policy or code of conduct provision.

10.5.2 Findings and conclusions will be determined using a preponderance of the evidence standard; that is, whether it appears more likely than not that a Respondent violated the applicable policy or code of conduct.

10.5.3 The Investigator's report and the evidence relied upon will be provided to the Appropriate Administrator for any appropriate action under the appropriate code of conduct or other University policy.

10.5.3.1 The Dean of Students is the Appropriate Administrator when the Respondent is a Student.

10.5.3.2 The Assistant Vice President of Human Resources is the Appropriate Administrator when the Respondent is an Employee not subject to the Faculty Handbook.

10.5.3.3 The Provost is the Appropriate Administrator when the Respondent is an Employee subject to the Faculty Handbook.

10.5.4 If the Investigator's findings do not confirm a violation of the University Civil Rights Policy, the Investigator may still recommend educational initiatives or training sessions to address related concerns.

10.5.5 The Investigator will simultaneously notify the Complainant and Respondent(s) of the findings and further proceeding as provided in related University Policy.

10.5.5.1 Once the Investigator's report has been submitted to the Appropriate Administrator, the Complainant and Respondent may review the Investigator's Report, as well as the evidence.

10.5.5.2 The Investigator may also permit the Complainant and Respondent, on equal bases, to review draft reports and the evidence at any point during the investigation.

10.5.6 Any time after a finding has been made that a Respondent(s) violated this Policy, the University may implement interim sanctions while a Complaint is subject to further review.

11.0 Sanctions – Any decision in response to the Investigator's report shall be made by the University official with designated oversight for disciplinary processes based on the Responsible Party's status (i.e., the Appropriate Administrator):

11.1 Student Respondents – Sanctions for students found by the Investigator to have engaged in prohibited conduct shall be determined in accordance with the Student Code of Conduct under the authority of the Dean of Students.

11.4 Sanctioning processes for alleged violations of the University Civil Rights Policy are subject to Policy 1.2.7 Civil Rights Policy – Protocol for Sanctions, as well as the applicable code of conduct, handbook, or other policy, insofar as those do not conflict with Policy 1.2.7.
